We're all being asked to get more involved in local planning and decision making. How can you ensure that everyone has a real chance to take part and to get their voice heard?

Are you a parish or town council, community led planning or other local group, seeking to consult and involve your community?

This workshop will give you the practical tools to design high quality consultation activities that engage and involve all sections of your community.

Free of charge

Places will be limited and must be booked in advance.

Full joining details will be sent out on confirmation of booking
